

WHAT IS THE ORIGIN OF LIFE?

September 17, 2017 // Genesis 1:1 // Dr. Ron Jones

In the beginning, God created the heavens and the earth. GENESIS 1:1 ESV

Why I Believe in Creation

1. The plain reading of the _____ Word of God is preferred to the _____ theories of man.
2. Living organisms are far too _____ to believe they developed by _____ over time.

“Evolution theory is indeed no less religious nor more scientific than creation.” DUANE GISH, *THE FOSSILS STILL SAY NO!*

The principle of _____ says that complex biological systems require all of their component parts at the same time in order to function, thus challenging the time required by Darwinian evolution for organisms to form.

“If it could be demonstrated that any complex organ existed which could not possibly have been formed by numerous, successive, slight modifications, my theory would absolutely break down.” CHARLES DARWIN

3. The _____ fails to confirm millions of years of evolutionary history.

Now faith is the substance of things hoped for, the evidence of things not seen. HEBREWS 11:1 NKJV

By faith we understand that the worlds were framed by the word of God, so that what is seen was not made out of things which are visible. HEBREWS 11:3 NKJV

“Now evolution is the substance of fossils hoped for, the evidence of links not seen.” DUANE GISH, *THE FOSSILS STILL SAY NO!*

4. Creation affirms the _____ of all people and gives life _____.

So God created man in his own image, in the image of God he created him; male and female he created them.. GENESIS 1:27 ESV

Jesus, knowing that the Father had given all things into his hands, and that he had come from God and was going back to God, rose from supper. He laid aside his outer garments, and taking a towel, tied it around his waist. Then he poured water into a basin and began to wash the disciples' feet. JOHN 13:3-5 ESV

4 Big Questions

- _____ WHERE DID I COME FROM?
- _____ WHO AM I?
- _____ WHY AM I HERE?
- _____ WHERE AM I GOING?
